

APPENDIX A. GEOLOGIC MAP SYMBOLS, COLORS, AND PATTERNS

This [normative] appendix contains the geologic map symbols and their descriptions, their cartographic specifications, and notes on their usage. Also included are the CMYK Color Chart and the Pattern Chart (enclosed in sleeve on inside back cover), which contain colors and patterns for use on geologic maps.

CONTENTS OF APPENDIX A

PREFACE TO APPENDIX A

- | | |
|--|---|
| 1. Contacts, Key Beds, and Dikes | 21. Neotectonic and Earthquake-Hazard Features |
| 2. Faults | 22. Plate-Tectonic Features |
| 3. Boundaries Located by Geophysical Surveys | 23. Miscellaneous Uplift and Collapse Features |
| 4. Lineaments and Joints | 24. Terrestrial Impact Features |
| 5. Folds | 25. Planetary Geology Features |
| 6. Bedding | 26. Geohydrologic Features |
| 7. Cleavage | 27. Weather Stations |
| 8. Foliation | 28. Transportation Features |
| 9. Lineation | 29. Boundaries |
| 10. Paleontological Features | 30. Topographic and Hydrographic Features |
| 11. Geophysical and Structure Contours | 31. Miscellaneous Map Elements |
| 12. Fluvial and Alluvial Features | 32. Geologic Age Symbol Font ("FGDCGeoAge") |
| 13. Glacial and Glaciofluvial Features | 33. Suggested Ranges of Map-Unit Colors for Volcanic and Plutonic Rocks and for Stratigraphic Ages of Sedimentary and Metamorphic Rocks |
| 14. Periglacial Features | 34. State Location Maps |
| 15. Lacustrine and Marine Features | 35. Bar Scales |
| 16. Eolian Features | 36. Mean Declination Arrows |
| 17. Landslide and Mass-Wasting Features | 37. Lithologic Patterns |
| 18. Volcanic Features | 38. Explanation for Pattern Chart |
| 19. Natural Resources | 39. Explanation for CMYK Color Chart |
| 20. Hazardous Waste Sites | |
